Friday Notes

Answer to the hidden animal:
If Roger comes, we'll begin. (frog)

- We use scratch paper for various things at school and we are just about out. If anyone has paper that we can use for that purpose, we would gladly take it off your hands! Please don't bring anything that is sensitive in any way. Thank you!

- Mrs. Hein is looking for more broken/non-working items that can be taken apart. This would be things like old cameras, computer keyboards, remote controls (for a tv), baby toys with lights and sounds, old telephones, clock radios, old hair dryers, CD players. Anything with lots of screws! No cell phones, computers, or printers though. The plan is to have a "take-apart" bin in the classroom where students can disassemble items to figure out how they are put together. We now have enough safety glasses and tools, but will take more take-apart items if anyone has some. Please contact Mrs. Hein with questions.

- On page three, you will see some recent pictures - a fun science experiment and a mock election were some of the highlights of this week!

- We have over 350 photos in our Google Photo album. Please take a look sometime! https://photos.app.goo.gl/fVx7C9YKSJ3jCyGn6
